🔴 Beginning 🟡 Approaching Mastery 🔵 Mastery

Data not available. Please complete the Practice Assessment to review your performance.

This report is designed to guide your continued study within the course and is not a direct reflection of the score you will receive on your licensure assessment. Your licensure assessment score report will indicate whether or not you met the required cut score for your state and specific test. The mastery levels shown here provide an indication of domains and modules you should continue to review prior to taking your licensure test.
